

	Monthly Expenditure			
Name	Food	Clothes	Transport	Misc
Emily	\$200.00	\$200.00	\$700.00	\$1,000.00
Jane	\$350.00	\$300.00	\$750.00	\$1,200.00
Alice	\$225.00	\$180.00	\$725.00	\$1,150.00
Ryan	\$350.00	\$400.00	\$850.00	\$1,500.00
Dave	\$400.00	\$150.00	\$900.00	\$2,000.00
Seth	\$275.00	\$250.00	\$825.00	\$1,750.00
Lexie	\$250.00	\$225.00	\$700.00	\$1,300.00
Cristina	\$300.00	\$250.00	\$800.00	\$1,400.00
Jackson	\$325.00	\$325.00	\$775.00	\$1,450.00
Alex	\$400.00	\$200.00	\$875.00	\$1,600.00
Meredith	\$225.00	\$300.00	\$725.00	\$1,900.00
Derek	\$320.00	\$350.00	\$750.00	\$2,250.00

Monthly Expenditure

3 skills you used to create your visualization

Creativity

Patience

Data Manipulation

Who is this visualization for, i.e. who is your audience?

This data could be collected by a credit card company to track the expenditure of its clients so they can come up with new schemes.

This data could also be collected by a company trying to build a budget application.
